Have you heard... The RSC eBook Collection

Nearly 1000 books...
equating to one third of a million pages...
over 25,000 chapters...

Premier, quality chemical science content spanning more than 40 years brought together and digitalised as fully searchable PDF files.

Continually updated and expanded throughout the year, the RSC eBook Collection provides access to new electronic content as it is published in print. The result is a comprehensive overview of research and opinion in a multitude of areas of chemical science.

The RSC eBook Collection is a definitive point of reference for anyone working in the field of chemical sciences.

- Comprehensive
- Fully searchable
- Unlimited access
- Wide ranging

"ideal for this specialist market...an intuitive and easy to use interface with good search functionalities..."

Werner Reinhardt, Chairman GASCO (German, Austrian and Swiss Consortia Organization)

The new RSC eBook Subject Collections

- **Enhance** your library's online chemical science resource by choosing from the new RSC eBook Subject Collections
- **Subject specialist content:** matched to your individual discipline-based requirements
- **Flexibility:** to choose premier, high quality content from nine different RSC eBook Subject Collections in the subject areas that matter to you!

International Symposia on Advancing the Chemical Sciences (ISACS)

Challenges in Renewable Energy (ISACS4)

5-8 July 2011 • MIT, Boston, USA

Topical

Gain a state-of-the-art review of current research developments and identify future challenges in a comprehensive plenary programme.

Interactive

Network with the editors of *Chemical Science* and international colleagues and present your research in the poster sessions.

Dynamic

Hear from a new generation of exceptional, internationally renowned researchers.

New for 2011

We have a limited number of oral presentation slots available at ISACS4. If you are interested in presenting your work at the meeting, visit the website to submit your abstract for consideration by the conference committee.

Speakers include

Hector Abruña, *USA*
Fraser Armstrong, *UK*
James Barber, *UK*
Allen J Bard, *USA*
Peter Bruce, *UK*
Kazunari Domen, *Japan*
Gérard Férey, *France*
Leif Hammarström, *Sweden*
Cliff Kubiak, *USA*
Akihiko Kudo, *Japan*
James McCusker, *USA*
Thomas Moore, *USA*
Debra Rolison, *USA*
Michael Strano, *USA*
Peng Wang, *China*
Michael Wasielewski, *USA*
Andreas Züttel, *Switzerland*

About ISACS

The International Symposia on Advancing the Chemical Sciences (ISACS) is a significant new global symposia series, supporting the launch of the new RSC flagship journal *Chemical Science*.

Related events include:

Challenges in Chemical Biology (ISACS5)

26-29 July 2011 • Manchester, UK • www.rsc.org/isacs5

Challenges in Organic Materials & Supramolecular Chemistry (ISACS6)

2-5 September 2011 • Beijing, China • www.rsc.org/isacs6

Chemical Science

Co-sponsored by:
RSC Environment, Sustainability
and Energy Division
