

Introducing Professor Darrin Pochan

Associate Editor for North America

Darrin Pochan is Associate Professor of Materials Science and Engineering at University of Delaware. His research interests centre around the specific rules and general paradigms underlying molecular design and self-assembly of unique polymeric, peptidic, and organic–inorganic hybrid materials.

Submit your work to *Soft Matter*

Professor Pochan will be delighted to receive submissions from North America on any aspects of soft matter research. Submissions to *Soft Matter* are welcomed via ReSource, our homepage for authors and referees (www.rsc.org/resource). For any enquiries, please contact Professor Pochan at softmatter@udel.edu.

"I will strive for fast turn-around of submitted manuscripts with two or three rigorous and appropriate reviews. My goal is an expedient review process and fast turn-around of excellent work."

Take the global perspective

Chemistry World, the award-winning monthly magazine from the Royal Society of Chemistry, has something for everyone with daily online news, articles on all aspects of the chemical sciences, job vacancies and award-winning columnists.

Named Best monthly and business professional magazine of the year at the 2006 PPA Magazine Awards, *Chemistry World* reflects the ubiquitous importance of the chemical sciences in the world today, providing a more complete picture and informed opinion on the issues that matter.

Daily web updates and e-mail alerts give the magazine a strong online presence that enhances and expands on the monthly print issue. Plus, with the *Chemistry World* Podcast and Blog, there's a chance to go interactive.
