

Corday-Morgan Medal and Prize

Three Prizes for work in different branches of Chemistry, each consisting of a silver medal and a monetary award of 250 guineas, will be made in respect of the year 1978. These prizes will be made to the chemists of British nationality of either sex who, in the judgement of the Council of the Chemical Society, have published during the year in question and in the immediately preceding 5 years, the most meritorious contributions to experimental chemistry in their respective fields. Candidates should not have attained the age of 37 years on December 31st, 1978.

Copies of the rules of the Prize can be obtained from the Local Activities Officer of the Society. Applications or recommendations in respect of the year 1978 must be received not later than December 31st, 1979, and applications for 1979 are due before the end of 1980.
