

New adventures on the web

ChemSpider is a free online, structure centric community for chemists, providing fast access to millions of unique chemical entities, resources and information and the opportunity to collaborate with a world wide community of scientists. Rapidly becoming the richest single source of structure based chemistry information online, ChemSpider is a ground breaking initiative now supported by the RSC, the most innovative of chemical societies.

First in its class

"I attribute this success to the quality of the authors that the editor and editorial board have been able to recruit..."

Professor Jonathan Sessler,
The University of Texas, USA

Chemical Society Reviews (Chem Soc Rev) publishes the largest number of chemical review articles, making it **first in its class for chemical scientists***. With an impact factor of 17.419 and the highest immediacy index for a chemical reviews journal at 3.668**, this impressive result underlines the continuing success of the journal.

Chem Soc Rev supplies high quality and highly cited articles, covering topical areas of interest across the chemical sciences. Published monthly, it includes themed issues reviewing new research areas, and edited by a specialist guest editor.
